CAREER SUMMARY

I hold a Diploma in Computer Science from Tshwane University of Technology and have hands-on experience in web development. I worked as a **Software Developer Intern at Hiteknoology Solution**, where I was involved in developing websites, debugging code, and collaborating with a team to deliver functional solutions. I'm currently a **Software Developer Trainee at Mlab**, where I continue to build websites, participate in daily scrum meetings, and contribute within an agile environment to enhance both technical and teamwork skills. My core technical stack includes **HTML, CSS, JavaScript, Node.js**, and **MySQL**, and I'm passionate about building user-friendly, efficient web applications.

EDUCATION AND CERTIFICATION

Software Developer Trainee | Tshwane University of Technology

2021-2025

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript, Bootstrap

Back-End: Java, SQL, Node.js
